Subject: What ever happened to Freedom Summits and Truthology???

Hi Everyone,

I have been nudged many, many times over the past few years with questions about when the next Freedom Summit is, or what ever happened to the Truthology website.

Truthology;
Truthology was a website that took thousands of hours to source information for. Unfortunately, some of our articles seem to get a little to close to a nerve, and we were 'asked' to remove it. We have ascertained which areas to leave well alone, and so are very excited to announce a new website coming in the next little while called www.wakingfromthematrix.com
(This site is under construction)
Stay tuned.....

Freedom Summits;
Freedom Summits were an amazing platform for forward thinkers and game changers to voice their
